feel that by my office as warden I am in any way bound to become the lawful scapegoat for the acts of men who are not excepting the honorable Board of Public Lands and Buildings.

I have not denied the power of the board to make laws to employ the unemployed prisoners in my charge, but I do most emphatically deny that you have the power to make me responsible for the acts of men which I suppose me in my position. Almost all the men are today employed in making needed and urgent repairs.

Let me assure you that were your big hearts pulsating with sympathy in the interests of the taxpayers of the state with your mind set upon as your brains are that I am with you, when you may thwart Governor Holcomb in his efforts to make this prison what it ought to be, and to make it a place where the man in which for years has surrounded it, your work would be truly a laudable one. I am, gentlemen, your obedient servant in the right.

—GEORGE W. LEIGHING,  
Warden of the Nebraska State Prison.

**Free Silver Democrats in the Supreme Court with New Suit.**

LINCOLN, Oct. 16.—(Special)—This morning the free silver democrats, having had their injunction case dismissed, filed in the supreme court what is termed an amended and substituted petition, in which they set up the facts alleged in the first petition and affidavit filed. They pray the court to issue an order directing the secretary of state to omit to certify to the county courts throughout the state the names of the administration men and to make the certificate required to lay without using the words "and or otherwise" in any word in connection with the administration candidates. All the afternoon was consumed in argument. Attorney General Churchill appeared for Secretary of State Piper, assisted by T. J. Mahoney and Attorneys Ames, Harwood, Snell and McHugh. In behalf of the defense were C. P. Dodge, J. H. Brady, W. H. Thompson, Ed. P. Smith and W. J. Bryan. Messrs. Thompson, Bryan and Brady made arguments.

Argument was concluded at a late hour this afternoon and then the court took the case under consideration, will render an oral decision from the bench tomorrow morning at 9 o'clock.

In the federal court this morning the case of the government against Elbridge Daniels for removing cigars from his factory before they were stamped as contraband, was heard. The defendant did not respond and his recognition was declared forfeited. Daniels lived in Osceola, where the alleged offense occurred. He was once tried and convicted, but was granted a new trial. The officer did not know his present whereabouts.

A defense attorney, who represented in the Omaha case of the New England Loan and Trust company against John F. Swanson.

In the district court this morning William Jacobs filed a petition for divorce, in which he alleged that on several occasions his wife, Mary, had threatened to get rid of him by shooting him. Jacobs is a lawyer and a committee of safety, consisting of rough rats in his coffee. The court entered up a decree promptly.

In the district court this morning Stephen A. Scott pleaded guilty to assault and battery and was sentenced to ten days in the county jail.

The entire galaxy of pugilistic stars gave an exhibition to a packed house at the opera house tonight.

**GOVERNOR STANDS PAT.**

LITTLE ROCK, Ark., Oct. 16.—Governor Clarke has sent the following message to the Gazette in reply to a telegram asking the governor as to the truth of the rumor that he had changed his attitude toward the glove case:

"JAMES H. CLARKE."—LITTLE ROCK, Oct. 16.—Colonel Hollenbeck, commanding the First regiment, Arkansas Guards, issued orders last night to every company in the state to be prepared themselves in readiness to move to Hot Springs. In an interview this afternoon he said:

"There is no secret about the matter. Orders have been sent to every company of militia to stand nothing that may be to move to Hot Springs.

"If the militia goes to Hot Springs the expenses will be paid. If the managers continue their determination to have the fight come off, the militia will be called out and stop the fight."

"Whether the governor is right or wrong, if he sends the militia to Hot Springs the fight will be stopped. I cannot take any cognizance in this premises, in deciding whether it is right or wrong. Just how the governor proposes to stop the expense of the militia if they are called out to Hot Springs is not known. If Garland county calls for the militia of that county, we will be held responsible financially. If the governor calls for the militia and sends him a hook it is not known who will pay the expense as the state has no money appropriated for this."

**NO SOFT GLOVES FOR FITZ.**

CORPUS CHRISTI, Tex., Oct. 16.—Martin Neigh, 16, (Special)—The preliminary hearing of Rudolph Ichler, charged with killing Newton Black, resulted in his being held by the district court under \$5,000 bail, which was promptly furnished by neighbors. But little testimony was presented on either side.

**BLACK'S SLAYER Bound Over.**

BLUE SPRINGS, Neb., Oct. 16.—(Special Telegram)—Frederick Beychak, owner of the cereal mill, was this afternoon caught in the machinery and his foot was crushed that amputation will be necessary.

Our contractor, the Florida Athletic club, came to fight to a finish, said Julian, the contractor, are the two forces. We are ready to perform our part of the agreement, but Fitzsimmons is not going to enter any pugilistic hippodrome. If any one gets a ticket and Fitzsimmons goes into the ring they will see him whip or get whipped before he comes.
